

Biruk Chali

Software Engineer - Passionate Developer

+251-940675703 • birukchali86@gmail.com • [LinkedIn](#) • [GitHub](#)

Objective

A passionate software engineer with expertise in full-stack and mobile app development, particularly React Native and Redux. Dedicated to building innovative, user-focused solutions that drive technological progress and deliver real-world impact. Seeking to contribute to cutting-edge projects in mobile and cross-platform development.

Education

Adama Science and Technology University
Adama, Ethiopia
Bachelor of Science in Software Engineering
GPA: 3.34

Expected Graduation: 2026

Technical Skills

- **Programming Languages:** HTML, CSS, JavaScript, Python
- **Frameworks/Libraries:** React, React Native, Next.js, Redux, Django, Express.js
- **Databases:** MySQL, MongoDB
- **Tools:** Git, GitHub
- **Other Skills:** Competitive Programming, REST API Development, Mobile App Development

Projects

Fitness Tracker App

- Developed a React Native app offering BMI calculations, workout plans, and dietary recommendations.
- **Technologies:** React Native, Redux, Django, MongoDB

Ticket App for Event Organizers

- Created a mobile app enabling event organizers to sell tickets, manage events, and track attendees.
- **Technologies:** React Native, Firebase

Convene App

- Built an app for scheduling meetings and task management with real-time notifications.
- **Technologies:** React Native, Node.js, MongoDB

Competent Scholars Website

- Designed a platform for students to find colleges and apply directly, with backend integration for analytics.
- **Technologies:** React, Django, MySQL

Alrajaa Hiring Agency Admin Website

- Developed a robust admin interface for managing hiring processes and performance analytics.
- **Technologies:** React, Django

Casting Website for Talent Hunters

- Created a responsive platform for connecting talent hunters with models.
- **Technologies:** React, Django

Fashion Agency Website

- Built a visually appealing website for showcasing client portfolios.
- **Technologies:** HTML, CSS, JavaScript

Casting Website Admin Dashboard

- Developed an admin dashboard for managing casting events and user submissions.
- **Technologies:** React, Django, MongoDB

Experience

Kiburan Trading (Hybrid) — *Frontend Mobile Developer*

Jun 2024 – Present

- Enhanced frontend UI components for mobile apps using React and React Native.
- Collaborated on team projects to improve app functionality and user experience.

Octanet (Remote) — *Python Web Development Intern*

Oct 2023 – Dec 2023

- Focused on backend integration and building responsive web applications.
- Strengthened problem-solving skills through Python scripting.

Certifications

- **Udacity:** Fundamentals of Programming
- **Cisco:** Fundamentals of Data Science
- **edX:** Data Science Certified

Extracurricular Activities

- **Founder:** WebSMart Inc — Focused on helping students secure scholarships.
- **Leadership:** Organized coding workshops and hackathons, fostering collaboration among peers.
